## Above Average Private Sector Gains; Unemployment Rate Edged Down to 8.2%

Arizona's seasonally adjusted unemployment rate decreased to 8.2% in September after two consecutive months at 8.3%. The U.S. unemployment rate dropped down three-tenths of a percentage point from 8.1% to 7.8% in September. A year ago the Arizona rate was 9.4%, and the U.S. rate was 9.0% (see Figure 1).

Arizona gained 30,000 Nonfarm jobs in September, primarily from seasonal gains in Local and State Public Education within Government. September Nonfarm job gains were above average for September in Arizona (see **Figure 2**), slightly higher than the previous September. The Private Sector gained 5,200 jobs. This is the second straight year of Private Sector gains in the month of September after recording four straight years of job losses ('07-'10). The Private Sector gains in September were above the ten-year ('02-'11) average gain of 1,400 jobs.

### Arizona Total Nonfarm Employment Over-the-Month Job Gain/Loss Quantity

The Government led all sectors in September job gains (24,800). Government job gains were driven by seasonal hiring in Local (18,600 jobs) and State (8,400 jobs) Public Education as schools continued staffing for the school year post summer vacation. State (8,500 jobs) and Local Government (16,700 jobs) had job gains with losses in Federal Government (-400) offsetting some of the gains.

## Over the Month by Industry Sector

Seven of the eleven major sectors added jobs while four lost jobs in September (see Figure 3).

**Government** gains were primarily seasonal as back-to-school hiring continued (24,800 jobs or 6.2%). Gains in both Local Education (13.6%) and State Public Education (19.4%) were above their '02-'11 averages (12.1% and 16.5% respectively).

**Educational and Health Services (EHS)** gained 3,600 jobs (1.0%) in September. EHS has historically seen consistent job growth in September even through recession years ('07-'09). The ten-year ('02-'11) average gain in this sector is 2,500 jobs or 0.8%. Within EHS, Health Care gained the most (1.3% or 3,500 jobs) and Social Assistance gained 200 jobs.

Ambulatory Health Care Services made up a majority of the gains (2,300 jobs) seen in Health Care. Educational Services lost 100 jobs (0.2%) which is atypical for this sector. Historically, Educational Services averages positive growth in September with a ten-year average of 1,700 jobs or 4.0%.

**Construction** had the largest over-the-month loss of 1,200 jobs. All of the losses occurred in Specialty Trades (1,400 jobs) while Building Construction added 200 jobs. Heavy Construction was flat for the month. Historically, Construction has had more losses than gains in September. Losses in Construction this September were above the ten-year ('02-'11) average loss of 1,000 jobs.

**Financial Activities** lost 1,100 jobs. All of the job losses in the sector were in Real Estate and Rental and Leasing (1,200 jobs) with modest gains coming from Finance and Insurance (100 jobs). The ten-year ('02-'11) average for Financial Activities was a loss of 400 jobs. These losses were well above average for the sector.

**Leisure and Hospitality (LH)** gained 1,700 jobs. Every sector within Leisure and Hospitality gained jobs in September. Historically LH has gained every September since 2000 with the exception of September 2009. The ten-year ('02-'11) average is a gain of 1,700 jobs or 0.7% for the sector.

**Professional and Business Services (PBS)** gained 1,400 jobs, more than four times the '02-'11 average of 300 jobs. The Administrative and Support and Waste (2,900 jobs) industries gained the most within the sector but were partly offset by larger than average losses in Scientific and Technical Services (1,400). Management of Companies and Enterprises has seen minimal over-the-month fluctuation throughout 2012 and in September lost 100 jobs.

**Trade, Transportation, and Utilities (TTU)** gained 600 jobs. The ten-year average for TTU was a loss of 300 jobs. Retail Trade lost 1,600 jobs while Wholesale Trade gained 400 jobs. September gains in

Wholesale Trade have not occurred since 2006 and are above the ten-year ('02-'11) average (-300 jobs) for the sector. In August, Retail Trade recorded above average growth (1,600 jobs) from back-to-school shopping but lost as many (1,600 jobs) in September. Transportation, Warehousing, and Utilities gained 1,800 jobs with 1,700 jobs coming from Transportation and Warehousing and 100 jobs from Utilities.

**Other Services** gained 500 jobs while **Information** lost 700 jobs over the month. **Manufacturing** gained 500 jobs with Durable Goods adding 400 jobs and Nondurable Goods adding 100 jobs respectively. **Natural Resources and Mining** lost 100 jobs over the month.

### — Equal Opportunity Employer/Program —

Under Titles VI and VII of the Civil Rights Act of 1964 (Title VI & VII), and the Americans with Disabilities Act of 1990 (ADA), Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975, the Department prohibits discrimination in admissions, programs, services, activities, or employment based on race, color, religion, sex, national origin, age, and disability. The Department must make a reasonable accommodation to allow a person with a disability to take part in a program, service or activity. For example, this means if necessary, the Department must provide sign language interpreters for people who are deaf, a wheelchair accessible location, or enlarged print materials. It also means that the Department will take any other reasonable action that allows you to take part in and understand a program or activity, including making reasonable changes to an activity. If you believe that you will not be able to understand or take part in a program or activity because of your disability, please let us know of your disability needs in advance if at all possible.
